

SUBJECT INDEX

- Accidents. Child - 55
- Acidosis. Renal Tubular - and Purpura Hyperglobuliaemia 171
- Acta. The Scandinavian - 202
- Acute Leukaemias. Cytomorphological Classification of - - 215
- Arterial Blood. Hyperlipidemia and - - Gases 167
- Arterial Insufficiency. Hormonal Treatment of - - in the Lower Extremities 157
- Arterial Insufficiency. Peripheral - - During Ergotamine Treatment 236
- Auken Conference. Introduction to the - -, Copenhagen May 4-5 1972 245
- β -aminoisobutyric Acid. Variability in Urinary - - and Creatinine in a Human Control Group 144
- Bladder. Deformity and Elevation of the - Owing to Pelvic Lipomatosis Compared with Impression in the Bladder Caused by Large Glands 80
- Blood. Extracorporeal Irradiation of - with a 250 kV X-ray Apparatus 209
- Brain-injured. Tactile Manual Agnosia. A Quantitative Analysis of - - Patients with Special Reference to its Nature, the Cerebral Localization of the Causative Lesion, and to other Associated Sensory Dysfunctions 1
- Carcinoma. Comparison of Pipette and Smear Methods in Population Screening for - of the Uterine Cervix 138
- Carcinoma. Organization of Population Screening for Cervical - in the County of Maribo 1967-69 117
- Casualties. Traffic - I and II 45, 51
- Cerebral. Tactile Manual Angosia. A Quantitative Analysis of Brain-injured Patients with Special Reference to its Nature, the - Localization of the Causative Lesion, and to other Associated Sensory Dysfunctions 1
- Cervical Carcinoma. Organization of Population Screening for - - in the County of Maribo 1967-69 117
- Cervical Carcinoma. Significance of Physical Findings in Diagnosis of - - 122
- Cervical Cone. Prognostic Accuracy of - - Biopsy 119
- Cervix. Comparison of Pipette and Smear Methods in Population Screening for Carcinoma of the Uterine - 138
- Chest Injuries. Respirator Therapy of Severe - - Child Accidents 55
- Chronic Myeloid Leukaemia. - - - : Untreated for ten Years 114
- Circulatory. Local Variation in the - Capacity of the Skin on Crus? 232
- Clearance. Single Injection - of ^{131}I -Hippuran .. 148
- Cognitive Style. - - and Gender Role in Persons with Sex Chromosome Aberrations 276
- Complementation. Identification and - in the Differentiation of Gender Identity 265
- Cone Biopsy. Prognostic Accuracy of Cervical - - .. 119
- Conization. Punch Biopsy or - 127
- Contraceptive. New Method for Administration of Low-dose Gestagen as a - 154
- Creatinine. Variability in Urinary β -aminoisobutyric Acid and - in a Human Control Group 144
- Crus. Local Variation in the Circulatory Capacity of the Skin on - ? 232
- Cytology. Clinical Consequences in Patients with Suspect Cell Finding on Initial Vaginal - 131
- Cytomorphological. - Classification of Acute Leukaemias 215
- Danish. A Case of Spondylitis Tuberculosis in the - Neolithic Age 176
- Denmark. Medical Education in - 187
- Denmark. Primary Health Services in - 1972 181
- Denmarks. Rigshospitalet, - New National Hospital 204
- Denmark. The Paramedical Courses in - 194
- Diabetes Mellitus. Insulin Response to Glucose, Tolbutamide, Secretin and Isoprenaline in Maturity-onset - - 222
- Differentiation. Identification and Complementation in the - of Gender Identity 165
- Disc-Electrophoresis. Protein and LDH-Isoenzyme Pattern of Urine from Patients with Acute and Chronic Pylonephritis Determined by Isoelectric Focusing and - - 99
- Electronic Thermometer. Graphic and Digital Temperature Registration by Means of a New - Amplifier Unit 141
- Ergotamine. Peripheral Arterial Insufficiency During - Treatment 236
- Extracorporeal. - Irradiation of Blood with a 250 kV X-ray Apparatus 209
- Extremities. Hormonal Treatment of Arterial Insufficiency in the Lower - 157
- Eye. Vital Staining of the External - 169
- Fetishism. Phylogenesis and Learning in the Acquisition of - 307
- Gases. Hyperlipidemia and Arterial Blood - 167
- Gender. Identification and Complementation in the Differentiation of - Identity 265
- Gender Identity. Phyletic and Idiosyncratic Determinant of - - 259
- Gender Role. Cognitive Style and - - in Persons with Sex Chromosome Aberrations 276
- Gender Role. - - Identity and Sexual Behaviour in Persons with Sex-Chromosome Aberrations 269
- Glucose. Insulin Response to -, Tolbutamide, Secretin and Isoprenaline in Maturity-onset Diabetes Mellitus 222
- Glucose Tolerance. - - in Hyperthyroidism 227
- Growing Pain 72

Health Services. Primary -- in Denmark 1972 ..	181	Peripheral Arterial Insufficiency. -- -- During Ergotamide Treatment	236
Hormonal Correlates. -- of Sexual Behaviour in Sub-human Primates	246	Phyletic. -- and Idiosyncratic Determinants of Gender Identity	259
Hormonal Treatment. -- of Arterial Insufficiency in the Lower Extremities	157	Phylogenesis. -- and Learning in the Acquisition of Fetishism	307
Hyperglobuliaemia. Renal Tubular Acidosis and Purpura --	171	Physical Findings. Significance of -- in Diagnosis of Cervical Carcinoma	122
Hyperlipidemia. -- and Arterial Blood Gases	167	Pipette. Comparison of -- and Smear Methods in Population Screenings for Carcinoma of the Uterine Cervix	138
Hyperthyroidism. Glucose Tolerance in --	227	Pneumo-Encephalogram. "Abnormal" -- in Infancy Subsequently Normalized	110
Identification. -- and Complementation in the Differentiation of Gender Identity	265	Population. Organization of -- Screening for Cervical Carcinoma in the County of Maribo 1967-69	117
Identity. Gender Role -- and Sexual Behaviour in Persons with Sex-Chromosome Aberrations	269	Population Screenings. Comparison of Pipette and Smear Methods in -- for Carcinoma of the Uterine Cervix	138
Identity. Identification and Complementation in the Differentiation of Gender	265	Pregnancy. -- Complicated by Uretero-Ileo-Cutaneostomy	108
Idiosyncratic Determinants. Phyletic and -- of Gender Identity	259	Primates. Hormonal Correlates of Sexual Behaviour in Sub-human --	246
I-Hippuran. Single Injection Clearance of ¹³¹ I -- Ileo-Cutaneostomy. Pregnancy Complicated by Uretero --	148	Prognostic. -- Accuracy of Cervical Cone Biopsy ..	119
Insulin. -- Response to Glucose, Tolbutamide, Secretin and Isoprenaline in Maturity-onset Diabetes Mellitus	222	Proteinuria. -- A Survey	89
Irradiation. Extracorporeal -- of Blood with a 250 kV X-ray Apparatus	209	Psychoanalytic. Impact of New Advances in Sex Research on -- Theory	287
Isoenzyme. Protein and LDH- -- Pattern of Urine from Patients with Acute and Chronic Pyelonephritis Determined by Isoelectric Focusing and Disc-Electrophoresis	99	Pulmonary Function. Changes in -- after Lymphography	104
Isoprenaline. Insulin Response to Glucose, Tolbutamide, Secretin and -- in Maturity-onset Diabetes Mellitus	222	Pulmonary Stenoses. Supravalvular --	59
LDH-Isoenzyme. Protein and -- Pattern of Urine from Patients with Acute and Chronic Pyelonephritis Determined by Isoelectric Focusing and Disc-Electrophoresis	99	Punch Biopsy. -- or Conization	127
Lipomatosis. Deformity and Elevation of the Bladder Owing to Pelvic -- Compared with Impression in the Bladder Caused by Large Glands	80	Purpura. Renal Tubular Acidosis and -- Hyperglobuliaemia	171
Low-Dose Gestagen. New Method for Administration of -- as a Contraceptive	154	Pyelonephritis. Protein and LDH-Isoenzyme Pattern of Urine from Patients with Acute and Chronic -- Determined by Isoelectric Focusing and Disc-Electrophoresis	99
Lymphography. Changes in Pulmonary Function After	104	Renal. -- Tubular Acidosis and Purpura Hyperglobuliaemia	171
Male Transsexualism. -- :Uneasiness	301	Respirator. -- Therapy of Severe Chest Injuries ..	160
Manual Agnosia. Tactile --. A Quantitative Analysis of Braininjured Patients with Special Reference to its Nature, the Cerebral Localization of the Causative Lesion and to other Associated Sensory Dysfunctions	1	Rigshospitalet. --, Denmark's New National Hospital	204
Maturity-onset. Insulin Response to Glucose, Tolbutamide, Secretin and Isoprenaline in -- Diabetes Mellitus	222	Seanticon	207
Medical Education. -- in Denmark	187	Screening. Organization of Population -- for Cervical Carcinoma in the County of Maribo 1967-68	117
Metirapone. Intravenous -- Test	85	Secretin. Insulin Response to Glucose, Tolbutamide, -- and Isoprenaline in Maturity-onset Diabetes Mellitus	222
Myeloid Leukaemia. Chronic -- : Untreated for Ten Years	114	Sensory dysfunctions. Tactile Manual Agnosia. A Quantitative Analysis of Brain-injured Patients with Special Reference to its Nature, the Cerebral Localization of the Causative Lesion, and to other --	1
Neolithic. A Case of Spondylitis Tuberculosis in the Danish -- Age	176	Sensory. Tactile Manual Agnosia. A Quantitative Analysis of Brain-injured Patients with Special Reference to its Nature, the Cerebral Localization of the Causative Lesion, and to other -- Dysfunctions	1
Paramedical. The -- Courses in Denmark	194	Sex-Chromosome. Cognitive Style and Gender Role in Persons with -- Aberrations	276
Pelvic. Deformity and Elevation of the Bladder Owing to -- Lipomatosis Compared with Impression in the Bladder Caused by Large Glands	80	Sex-Chromosome. Gender Role-Identity and Sexual Behaviour in Persons with -- Aberrations	269
		Sex Research. Impact of New Advances in -- on Psychoanalytic Theory	287
		Sexual Behaviour. Gender Role-Identity and -- in Persons with Sex-Chromosome Aberrations ..	269
		Sexual Behaviour. Hormonal Correlates of -- in Sub-human Primates	246
		Sexual Symbolism. On --	311
